Due to the covid-19 pandemic, face-to-face meetings are not possible. As day-long meetings by videoconference are not always as efficient a solution as desired, it was decided to hold shorter meetings at shorter intervals on a small number of agenda items. The next meeting via videoconference is scheduled for 20 January 2021 (10:00-12:00 CET) on the subject of ISO standardisation of ESD and ESDA standards.
